Epic Novel That Reminds Us Unity is Better than the Alternative by Author and Teacher J.M. Richardson

What happens when 29 defiant states secede from the Union?

September 13, 2011 -- The Twenty-Nine is a novel that is relevant in today's political and economic times. J.M. Richardson takes us on a journey through the many trials of a horrific break in our Union, but also the emotional turmoil of the characters that must now face war on their own soil and against their once fellow Americans.

America is in turmoil. The states are no longer united, and the path of their division may be leading us all to annihilation. When young Derek joined the Marine Corps his intentions were simply to provide himself with a better life. He never dreamed he would be facing combat against fellow Americans, or staring down a mushroom cloud on his own home soil. Americans are beginning to wonder if our differences will be the end of our great nation, or if we will find a way to unite our people and reclaim our freedom.

The Twenty-Nine is a 428-page Fiction Novel on paperback with a retail price of $17.99. The ISBN is: 9780983676423. Published through Winter Goose Publishing and available now through Amazon and Barnes & Noble. For more information or to request a review copy, contact Winter Goose Publishing at info@wintergoosepublishing.

About J.M. Richardson:

J.M. Richardson is a native of southeast Louisiana where he studied education and social sciences, earning his degree from Louisiana State University. He has been writing for leisure nearly all of his life, wrote competitively in high school, and had intensive writing coursework in college. He now resides in the Fort Worth, TX, area with his wife and two daughters where he teaches geography, history, and sociology.
